Images:

Text (200) + Additional matter (190) + Spine & Color Chart (7) + UV (1) = 398 total images

Foliation corrections: paginated, beginning with 9.

10a = [p. 27]; subtract 8 from verso [28], divide by 2. E.g.,

Quires: —

Additional matter: 6 images + 184 parchment text images = 190

Front cover: 1 additional paper leaf + cover b + 92 parchment leaves¹ = 187 images

¹ The first 184 pages, numbered 9–193, are of other ecclesiastical texts, considered as additional material as far as New Testament text is concerned.

Back cover: 1 additional paper leaf + cover a = 3 images

Spine, Cover, and Color Chart: 7 images (color chart on 1a)

Text: 100 leaves (200 images)

UV (MS pages, not ours): p. 371

Specific Details:

The manuscript has been rebound in modern times, although this cover has also split in half along the spine. The original spine binding has also split in a number of places. The pages are intact, but are very wavy and the quires are often not bound squarely resulting in difficult to shoot images.

Chrysostom and ecclesial texts before the biblical text.

At least two or three different hands.

93b [p. 194]: lectionary begins.
